

Personal Data Processing

EisnerAmper is a limited liability partnership that provides accounting, audit, advisory, consulting, and tax services. All personal data is collected, processed, and stored by EisnerAmper (or through processors/sub-processors) as electronic or physical files. The personal data collected is for the purpose of EisnerAmper's listed services, personnel administration, vendor management, and external communications. The information required for such services and operations can include:

- Names
- Addresses
- Phone numbers & email addresses
- Date of Birth
- Citizenship status
- Marital status
- Tax and Personal Identification numbers
- Bank account numbers

Personal data is collected from:

- Current, former, and prospective clients for conducting said services.
- Current and former partners, employees and principles for internal human resource administration.
- Third party service providers for professional services (e.g. data hosting, software as a service, etc.)
- The general public for performance surveys and relaying information on EisnerAmper's professional services (Names, Addresses, and Phone numbers & email addresses only).
